

ARRK INTERNATIONAL - PROFILE

- 1948 Araki Seisakusho is established by Tatsuhide Araki in Abeno-ku, Osaka, as a manufacturer of wooden products.
- 1960 The Company begins manufacturing industrial models.
- 1962 The Company concentrates its operations on industrial models.
- 1968 Osaka Design Model Centre Ltd, is established in Hirano-ku, Osaka, with a capital of 6 million yen and begins operation as a separate affiliate.
The name Osaka Design Model Centre Ltd, is changed to Design Model Centre Ltd.
The Company begins the planning, proposal and design of products.
- 1987 With changes in the industrial structure and the market for models, the company begins consolidating thirteen companies that have been separately managed affiliates.
- 1989 The last eight affiliates are consolidated and the company begins operation as ARRK Corporation with headquarters in Matsubara City, Osaka and a capital of 221,720,000 yen.
The economies of scale made possible by the consolidation allow the company to expand internationally and pursue full line manufacturing.
